

Application No. 10/077,997
Amendment dated May 6, 2005
Reply to Office Action of December 6, 2004
This listing of claims will replace all prior versions and listings of claims
in the application:

Listing of Claims

Claim 1 (currently amended). A method for measuring changes in ~~a portion~~ skin of a human body comprising: obtaining a first three-dimensional image of the ~~portion~~ skin of a human body;

treating the ~~portion~~ skin of a human body to create changes therein;
obtaining a second three-dimensional image of the ~~portion~~ skin of a human body so treated; overlaying the first three-dimensional image and the second three-dimensional image; and comparing the first and second images to measure changes in the ~~portion~~ skin of a human body, wherein the images are obtained utilizing a non-contact optical profiling instrument.

Claim 2 (original). The method according to claim 1 wherein the measurement is a visualization.

Claim 3 (original). The method according to claim 2 wherein the visualization is accomplished utilizing lenticular printing.

Claim 4 (original). The method according to claim 2 wherein the visualization is accomplished utilizing a digital picture frame.

Claim 5 (original). The method according to claim 2 wherein the visualization is accomplished utilizing a personal data assistant.

Claim 6 (original). The method according to claim 2 wherein the visualization is accomplished utilizing a portable DVD player.
